THE NEW YORK MUSICAL REVIEW AND GAZETTE

COMMENCES its Seventh Year, and a New Volume, in January, 1856. In calling attention to the Review, its publishers believe they can present to the public no more satisfactory evidence of its excellence as a musical journal than is afforded in its constantly increasing success. It has now about three times as large a circulation as any other musical periodical in the world. Its receipts from subscribers during the last six months have been more than double those for the corresponding period of the year previous. By such flattering marks of approval, the publishers are incited to increased enterprise and exertion to add to the excellence of the *Review*. Prizes amounting to three hundred dollars were recently offered by them for songs for its pages. Of the vast number sent in to compete for these prizes, the best were selected by a competent committee, and are now in course of publication in the *Review*. When their publication is completed, the subscribers to the *Review* will decide by ballot which shall receive the prizes.

Besides a large amount of reading matter, including regular correspondence from the leading cities in the world, each number contains several pages of new music. A series of articles on Music Teaching, by DR. LOWELL MASON, is now in progress of publication. Another, by GEORGE F. ROOT, Esq., on Cultivation of the Voice, Vocal Training, &c., will be commenced in the beginning of the new volume, as well as one by WM. B. BRADBURY, Esq., on the Improvement of Church Music. THE NEW YORK MUSICAL REVIEW AND GAZETTE is published fortnightly, at one dollar per annum, or six copies for five dollars, payable in advance. Specimen copies sent gratuitously.

CORRESPONDENTS

From all parts of the Union; from England, France, Germany, Switzerland, Italy and the Holy Land, contribute to enrich the columns of this Journal. Our

Price Current and Market Reports

Will continue to be made by the same competent hands which have heretofore conducted this department of our paper, and which have the past year given such marked satisfaction to the farming and trading portion of our subscribers.

TALENT ENGAGED.

No expense will be spared to secure every variety of talent which can enrich and enhance the value of this journal. The aim and ambition of the proprietors has been, and still is, regardless of expense, to secure in its editors, contributors and correspondents, the very highest order of talent, and to furnish to subscribers a paper which, in point of ability and value in every department, should be *unequalled* by any other religious journal published. They believe that in these respects they have succeeded.

TO THE RELIGIOUS PUBLIC.

To those of them who wish to take a religious paper we would beg leave to say, that if they will compare THE INDEPENDENT with any other paper, and if they desire a periodical of literary merit, one that will independently discuss the great questions of the day from a religious stand-point, a paper containing religious reading for the family, beside a large and varied amount of other matter, we are satisfied that multitudes of them will not hesitate to give this journal a trial.

OUR CIRCULATION

Is, we are happy to say, increasing with a rapidity entirely unexampled in the history of the religious press, either in this country or Europe! Since 1st January, 1855, it has received an addition of over

PUTNAM'S MONTHLY

A Magazine of Literature, Science & Art.

AN ENTIRELY ORIGINAL AMERICAN WORK.

WITH the January number, commences the seventh volume of PUTNAM'S MONTHLY. The constantly increasing circulation of the Magazine, and the hearty sympathy with which the efforts of the Publishers have been received by the public, stimulate them to unwearied efforts to continue to deserve the success which they have achieved. It is the aim of the Magazine to furnish the greatest variety of popular literary entertainment; to criticise politics and society, from the most manly and generous point of view; to tell the truth about books and men, so far as they are properly subjects of public notice; to present the most spirited and accurate sketches of travel and personal adventure; to discuss science in all its popular bearings; and, in general, to make itself the vehicle of the best observations upon all contemporary and national interests. This will always be done by the best talent in the country, and honestly, but it cannot always be done without offence. PUTNAM'S MONTHLY is neither a story-book, nor a partisan Journal. It has opinions and principles. It seeks to amuse and instruct; but it hopes, also, to be felt as the friend of good morals, sound learning, and the most liberal and earnest discussion.

OPINIONS OF THE PRESS.

PUTNAM'S MONTHLY.—Two numbers of this leading American Magazine have reached us at the same time, and brought upon us an *embarras de richesses*. The articles number some eighteen in each, and there is not one that we should be inclined to pass over. Indeed, "Putnam" has a peculiar attraction for us, and we see in it a reflection of the mind, manners, and intelligence of our transatlantic cousins. It carries us into a new country, and makes us acquainted with all its characteristics in an easy, unaffected manner. Politics are not neglected; but we do not detect faction, or even party, and we read under a persuasion that we are gathering the impartial opinion of the best minds in the United States.—*London (Eng.) Weekly Times.*

TERMS:—$3 a year, or 25c a number. Subscribers remitting $3 promptly, in advance, to the Publishers, will receive the work for one year, post paid, to any part of the United States, within 3000 miles.

Clubs of two persons, $5 a year, or five persons $10.—Postmasters and Clergymen supplied at $2. Household Words and Putnam's Monthly $5. Household Words or Putnam's Monthly with the Schoolfellow, to one address, $3.50, or all three of the Magazines, $5.50.

IMPORTANT TO EVERYBODY.

FOR the last three years I have been engaged in a business, known only to myself, and comparatively a few others, whom I have instructed for the sum of $200 each, which has averaged me at the rate of from $3,000 to $5,000 per annum, and having made arrangements to go to Europe next Spring, to engage in the same business, I am desirous of giving full instructions in the Art to every person who will remit me the sum of ONE DOLLAR. I am induced from the success I have been favored with, and the many happy acknowledgments I have received from those I have instructed in the Art, and who are now making from $10 to $15 per day, to give every person a chance to come into possession of this valuable means of making a small fortune. There is no HUMBUG about the business herein alluded to. References of the best class can be given as regards its character, and I can also refer to persons in Philadelphia as well as in this city, who have, within four months embarked in the business, and who will testify that they are making from $5 to $15 per day at the same. It is a business in which either ladies or gentlemen can engage, and with perfect ease make a very handsome income. Several ladies in various parts of Pennsylvania and Maryland, whom I have instructed in the Art, are now clearing from $8 to $5 per day. It is a *Genteel Business*, and but a few shillings are required to start it. Upon receipt of $1,00, I will immediately send to the applicant a printed circular, containing full instructions in the Art, which will be perfectly understood upon being once read.

PIANO FORTE TUNING AND REGULATING.

THE SUBSCRIBER, having engaged the services of MR. E. T. HURLBUT, a competent and experienced tuner, is now prepared to attend to all orders with which he may be favored. The following testimonial to Mr. Hurlbut's capability is from the director of the celebrated Germania Musical Society:

CHICAGO, March 27, 1855.

It is with much pleasure that I recommend Mr. E. T. Hurlbut as a Piano Forte Tuner and regulator. To say that he is an excellent tuner, would not be doing him justice, for I can without hesitation say that he is capable of tuning a Piano as near to perfection as it is possible for a Piano to be tuned; but the greatest recommendation for him is the unusual length of time which his Pianos remain in tune. I have never, either in Europe or America, seen a man whom I would so cheerfully and with so much confidence employ to tune or regulate a Piano Forte as Mr. Hurlbut, and as cheerfully recommend him to all who want Pianos tuned.

CARL BERGMANN.

Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. UNDER THE NAME AND FIRM OF
RUFUS KING & CO.

MILWAUKEE:
Monday Morning, Jan. 21.

Canvassing Agent.

Mr. A. H. Burdick will spend a few weeks in the North-western part of this State on business for this Office. Our friends will thus have an opportunity to subscribe for our paper, either Daily, Tri-Weekly or Weekly, without incurring the risk of sending by mail. As our friends in Waupun, Fox Lake, Berlin, &c., can now get the *Sentinel* on the day of its publication, we hope to receive a large accession to our list of subscribers in that region.

R. KING & Co.

Milwaukee Jan. 21, 1856.

News of the Morning.

The House of Representatives have resolved to talk no more for a week, but vote steadily for a Speaker in the hope of effecting a choice. Success to the effort! Nothing of interest in our Legislature, Saturday. The Supreme Court has issued its summons to Mr. Barstow to show by what authority he holds the office of Governor, which belongs by right to Coles Bashford. The *Argus* announces officially that Mr. Barstow will answer in twenty days. We have some further details of the *America's* news. They have a decidedly warlike look. The New York market of Saturday shows a further improvement in prices, and our own was rather firmer.

Who is Governor?

Just now, in this State of Wisconsin, in the year of grace 1856, we are living under strange political circumstances. The person who occupies the Governor's chamber at Madison has no more right there than has any citizen whose name has never been mentioned in connection with the Executive chair. We know what we say when we make this assertion. It is no partizan assertion. It is not the mere sullen murmuring of a defeated party which asserts it. It is *fact*, absolute fact, of which we are as well convinced as that the sun rose yesterday. Coles Bashford is the rightful Governor of Wisconsin, elected by the people on the 6th of November last; yet his defeated opponent sits in the Executive chair, and acts as legal Governor, while his friends laugh and sneer at the efforts made, by due course of law, to obtain justice and correct the wrong.

In no other government under the skies would this thing be endured; and it is only because of a firm confidence that legal investigation will at length secure the triumph of Right, that it is endured here. The people who elected Mr. Bashford must have patience. They must consider that his opponent, who usurps the seat, is in possession;—that the Attorney General is an unscrupulous partizan, who has already shown his *animus* by the course taken by him in relation to the papers presented to him by Mr. Bashford's counsel; and that the whole machinery of the State Government is in the hands of Mr. Barstow.

Mr. Bashford's case—and we venture to say that a stronger case was never presented to a court—is in the hands of able counsel, who will push it to a conclusion as rapidly as possible.—We have no doubt as to what that conclusion will be, and, though it may be long delayed, yet when it does come, the usurper of the Gubernatorial chair by the most outrageous frauds, will be hurled from the seat with the greater indignation on the part of the people.

The occupancy of that seat by Mr. Bashford, with all the State officers and the Assembly of a different school of politics, would be no pleasant or desirable thing; and it is only for the sake of Right and Justice, and of exposing the scandalous frauds which gave Barstow the certificate, that the contest is made.

The Rescue Fund.—In our paper of the 17th inst., an article appeared upon the subject of the "Rescue Fund" so called, in which it was stated that the Committee had acknowledged, through the *Free Democrat* of the 12th of March, the receipt of $517,15; whereas Mr. Holton, the Treasurer of the committee, acknowledges the receipt of but $358,75, all told. Mr. Holton has called upon us, alleging that injustice has been done him and the Committee by a mis-statement of facts. We have examined the publication as made by Mr. Booth on the 12th of March, from which it appears that Mr. Holton published as received at that date but $77—and that Mr. Booth, by putting his receipts and this $77 together, produced the sum of $517,15, and underneath the whole inserted Mr. Holton's name, (without his authority, as Mr. Holton says,) so as to make it appear, upon careless reading, as if the whole sum had been received by the Committee.

We are satisfied that the sum reported by Mr. Holton as received by the Committee, to wit: $358,75, is the true sum, and we are happy to correct the error, and thus place Mr. Holton and the Committee right.—*News, of yesterday.*

This full and specific retraction, on the part of the *News*, of a gross and unfounded charge, made by an anonymous correspondent, against Mr. Holton, the Treasurer of the "Rescue Fund," renders unnecessary any further notice of the article which embodied and was based upon the falsehood thus publicly exposed and abandoned.

Democratic Retrenchment and Reform.—Last year the Republicans had a majority in the Assembly of this State and, as an earnest of their desire to retrench the excessive expenditures of previous years, cut off the newspaper tax and the printing of documents in different languages by others than the State Printer and at exorbitant rates compared with the contract prices.—These reforms met with the general approval of the press and the people. This year, the "democracy," so-called, are in the ascendant in the Assembly, and as proof of *their* love of "retrenchment" they have *re-imposed* the newspaper tax (five dailies to each member at the public expense,) and have ordered thousands and tens of thousands of copies of public documents, in various languages and from different "democratic" printers, in wilful and flagrant violation of the Constitution and law, which require that "all printing authorized and required by them to be done for their use, or for the State, shall be let by contract to the lowest bidder." What possible apology, or justification can be offered for this wanton, palpable, deliberate infraction of the Constitution and Laws of our State, for the sole and avowed purpose of giving a *sop* to needy political friends?

A Pensioned Press.—The Madison *Argus*, official organ of "The Forty," takes in high dudgeon the strictures of the *Sentinel* upon Mr. Barstow's Message, and charitably attributes them to that functionary's refusal to pay for the Supreme Court Reports printed at the *Sentinel* Office and furnished to the State by virtue of a law which the immaculate Mr. Barstow himself signed.

If the *Argus* is mistaken as to our motives, it at least very clearly reveals its own. The "Documentary History Swindle" and like fat printing jobs, for which the organ is indebted to "Barstow and the Balance," sufficiently and satisfactorily account for its indiscriminate defence of the State administration and its vindictive assaults upon all who decline to worship at the same shrine, or bow down before the same idols.

New Superintendent.—Mr. F. O. Sewell has received the appointment of Engineer and General Superintendent of the Milwaukee and Watertown Railroad. Mr. Sewell has both the experience and ability to fully discharge the duties of his new office with benefit to the company, and in a way to secure the favor of the public.—*Watertown Democrat.*

This compliment is well merited. The new Superintendent of the Watertown Railroad has qualifications for the post, which, we do not doubt, will make his appointment a fortunate one for the company and for the public.

Sharp, But True.—The Kenosha *Telegraph* says of Mr. Barstow's Message to the Legislature:

"We never saw before such a partizan, pettifogging document palmed off upon a community as a Governor's Message."

Foundering of a Packet Ship--Thirty-five Lives Lost.

We published several days since a telegraphic dispatch announcing the loss of the packet ship *St. Denis* and a number of lives. The New York papers of Thursday contain the details of the disaster. The *St. Denis* sailed from New York, on the 4th of January, with three cabin and 16 steerage passengers, a crew of 53 men and boys, and a valuable cargo of 12,450 bushels grain, 1,750 barrels flour, 62,000 pounds copper and other articles. She was bound to Havre, and on the second day out encountered a hurricane, during which she sustained so much damage that she foundered at noon of the 6th January, carrying down with her all but the 1st and 3d mates and 9 seamen, who took to the long boat, and after being 30 hours without food or drink, were picked up by ship *Naples* and carried into New York.

The following is the list of passengers on the *St. Denis*:

Cabin.—F. Weiss and wife; Charles Bratenahl.

Steerage.—George Baker Kish, Paul Ludwig, John Gray, M. Jamoo, wife, mother and child, Jake Heinboldt, Philip L. Ludwig, Gustave Schelenbacker.

Francis Weiss, one of the cabin passengers, was married on New Year's Eve, and was returning with his young wife to his fatherland, with his small accumulations. He and his bride went down clasped each in the other's arms.

J. B. Petty, one of the lost, was a brother of Hon. R. Petty, a Senator of New York City.

The *St. Denis* was a fine ship of 1000 tons burthen, valued at $55,000 and insured for $28,000. Capt. Follansbee, who commanded her, was an experienced and skilful officer. He refused to take to the long boat, as did the passengers, in the belief that their chance of escape was as good on the ship.

The Summons Issued.

The Supreme Court has issued the following summons to Mr. Barstow, to answer the information filed by the Attorney General:

STATE OF WISCONSIN, }
Supreme Court, } 88

The State of Wisconsin to the Sheriff of Dane County:

Greeting:—You are hereby commanded to summon WILLIAM A. BARSTOW to appear before the Supreme Court of the State of Wisconsin, at the Capitol in Madison, the seat of Government in said State, on *Tuesday, the 5th of February*, 1856, at ten o'clock, A. M., of that day, then and there to answer unto the State of Wisconsin, and to an information upon the relation of COLES BASHFORD, filed by the Attorney General of said State, in the nature of a *Quo Warranto*, by what warrant he, the said WILLIAM A. BARSTOW, claims to hold, use, enjoy and exercise the office of Governor of the State of Wisconsin, and to stand to and abide by the order, judgment or decree of the said Supreme Court in the premises, upon what shall then and there be made to appear. Hereof fail not, and have you then and there this writ.

Witness the Hon. E. V. WHITON, Chief
L. S. Justice of our said Court, at Madison,
this 17th day of January, A. D., 1856.
Signed. LAFAYETTE S. KELLOGG, Clerk.
WM. R. SMITH, Att'y General.

Prairie du Chien & La Crosse R. R.—We see by the La Crosse Democrat, that the subject of a railroad to Prairie du Chien is being agitated. It is a good move. We copy the following paragraph in relation to the undertaking:—

Prairie du Chien is distant, by sectional lines but fifty-three miles from La Crosse; and allowing for full variations by course of the river, the R. R. distance cannot exceed fifty-eight miles, while the whole route is one of the most favorable for building to be found in the Union. In no place will the grade exceed seven feet to the mile: earth, stone, timber, sufficient for embankments, causeways and ties, abound on every part of the route; the Mississippi will afford every facility in the way of transportation, while the country is well settled back, and contracts can be easily let. The entire cost of the road, including Iron, could not exceed fifteen thousand dollars to the mile.

Deserved Compliment.—We are pleased to notice, by the proceedings of the Board of Regents of the University of Wisconsin, that they have conferred upon our esteemed friend Dr. A. L. Castleman, Delafield, Waukesha Co., the highest honorary degree in Medicine in their power to bestow. The Regents have honored themselves in thus honoring a gentleman of long residence in our State, and who has always shown himself ready, by pen and purse alike, to aid in the advancement of science, who has done much towards the progress of his profession, and who has lately, by persevering effort, contributed more than any other one to the establishment of the Medical Department of the University.

Milwaukee and Mississippi Rail Road.—The New York *Tribune* of Tuesday last, in its money article, says:

Milwaukee and Mississippi is in good demand, and sold during the day as high as 81, buyer 80, that being bid for more at the close. There is very little stock in the market, and there were orders for several considerable parcels, limited a little below the current price. The above price shows an advance of 4 ℔ cent. since Thursday, when the dividend came off, and is equal to 92 dividend on.

On the same day there were sales, at auction, of $2000 La Crosse & Milwaukee Rail Road bonds, at 75½ @ 76½.

Political Poetry.—The present contest for the Speakership, at Washington, would hardly be deemed a poetical theme. Yet the Boston *Journal* has been inspired as follows, in contemplation thereof:

"Banks a hundred and five.
Banks a hundred and seven;
Banks a hundred and one;
Wants a hundred and 'leven;
Pennington four and three,
Richardson seventy-two;
Fuller thirty;—dear me!
When'll the trouble be through?"

A Good Excuse.—Mr John Saxe failed to meet an engagement to lecture in Albany the other evening in consequence of the snow-storm and the slow rate of speed on the Camden and Amboy Railroad, for which he was slightly censured by *The Albany Evening Journal*. Thereupon the Burlington Poet wrote a note of explanation in which, with characteristic humor, he says: "I had no motive to break the engagement, and every motive except a *loco*-motive to keep it."

High Price for Provisions.—The Berlin *Courant* of the 15th inst. says:

It seems to us that the people of this section are getting crazed on the subject of provisions. Pork has been sold as high as $8 per hundred. Lard has sold as high as 15 cts. per pound. Butter at 30 to 38 cts. per pound, and Beans $2,00 to $3,00 per Bushel. These prices right in the heart of the producing country, without a scarcity, are preposterous, and could be very materially lessened by importing the very surplus provisions which we have exported the present season. Fair play is our motto

Scan. Mag.—The Detroit *Free Press* of the 18th, thus puts a stopper upon the latest current scandal:

Bishop Hamline.—We are requested to state that the paragraph in our paper of Thursday last, taken from the Cincinnati Sun—in which it was said that charges of seduction against Bishop Hamline, of Cincinnati, are under investigation—is destitute of truth. We are informed that an accusation of this nature was set afloat two years ago, and, after an investigation, the party who originated it—a minister—was expelled from the church.

The Going—Is now first rate, either for sleighs or wagons, and the result is that our streets are lined and crowded with teams from all parts of the neighboring country, loaded with different articles for the market. There is here a ready and profitable sale for all that is offered. Our farmers are well improving these fine days and moon-light nights to do their traveling. Such a spell of beautiful weather is very welcome after the unprecedented cold of the last three weeks.—*Watertown Democrat.*

French Wheat.—Agents are still buying wheat for the French Government, along the line of the Central Railroad. Large quantities are waiting shipment at various points.—*Chicago Democrat.*

Foreign Correspondence of the Sentinel.

RAMBLES IN EUROPE--NO. 57.

Neutrality of Austria in the war. The location of Vienna—An adventure with a young Jewess—The glacis and other public grounds—The weakness of the marriage vow and its consequences—Institutions of charity and learning—The general hospital and what was seen there.

VIENNA, Oct. 20, 1855.

From some two weeks residence in this city, the imperial capital of Austria, at this time and on a former visit, I am sufficiently booked up to place it among the most interesting cities found on the continent. From what I had read and heard of the Austrian character, particularly from the English Journals, I was somewhat prejudiced against the people. But I find that this country is much misrepresented in many respects—particularly so since she has seen fit to exercise the right of remaining neutral in the war that is pending now between the Allies and Russia. This is brought about by the policy of her government, and she has the same privilege of thus remaining neutral as the United States has, and yet forsooth because she has done so, she has received more abuse from British newspapers than all other nations combined. The course adopted by the Austrian Ministry might have not been a fair one, but under the circumstances they considered it justifiable, and Lord John Russell was completely distanced or headed as we would say at home. Located as Austria is with a frontier of nearly two thousand miles bordering on Turkey and Russia, containing territories ready to revolt on any favorable occasion, it would have been a suicidal policy for her to have joined either the Western Powers or Russia, for in any event she had nothing to gain and everything to lose.

Vienna is located as I have formerly written, on an open prairie with almost an interrupted view as far as the eye can reach on all sides except the northwest, where there is a small mountain range or high hills, whose sides are covered partially with timber, through which are often seen beautiful villas and chateaux, and occasionally the ruins of some old feudal castle. It is situated about two miles from the Danube, although there is a branch of that river running through it, which is used for all necessary commercial purposes and contains a population of above one-half a million of inhabitants. The caste of the society is very much like that of Paris. What John Randolph said of Washington City many years ago, would in substance apply to Vienna, a city of hacks, &c., with streets of "magnificent distances." The old part of the city is the reverse, but the new portions are built upon very wide avenues rather than streets, lined on each side with immense blocks of brick and stone buildings, with stucco and mortar fronts, having a yellowish color like that of the Milwaukee brick. Some of these buildings are of great lenghth and depth as well as front. The private as well as the public houses are very large. I was shown one of the former which contained some four hundred people. Many others contain from two to three hundred. The owners rent them to the working classes. Like the city of Munich the city looks prosperous and business-like.

Speaking of the size of the buildings, reminds me of a novel circumstance that took place on the first morning after I arrived at the city. It was about 6 o'clock, I should judge, and long before I had any idea of getting up, I heard a "tapping at my chamber door," and thinking it was the boots "and nothing more," I sprang out of my bed and turned the key at once to get the polished articles, but what was my amazement to find a pair of large black eyes, woman's too! looking square into my own. One would have naturally supposed that my night dress and long Turkish silk night-cap of many colors, and a foreigner too, would have frightened any ordinary woman. But no, she was not going to be bluffed off, with various articles in a very pretty basket, which she carried in her hand, she made an advance step into the room. Here I was in a fix. What could I do, what ought I do in justice to myself, the house, and the fair young Jewess? These were questions that were running hastily through my mind the time she was advancing some three feet. My stock of Dutch then consisted of two words, yaw and nicht—putting on a bold face I concluded the better way would be to use the latter, which I did as savagely as the nature of the case would admit. On seeing me so determined she reluctantly withdrew. On inquiry, I was informed by the landlord the girl was a Jewish pedlar, and that she had permission to trade with the guests. Subsequently I had sometimes a half dozen calls a day from all sorts of travelling pedlars. They carry large stocks of goods in trunks and put up at hotels. While there they take out a few at a time and retail them. They are mostly men. I have frequently seen their own rooms, most generally one of the best rooms in the house, turned into a store during the few days they stop. Here they show them to the customers they pick up in and out of the house. They thus travel from city to city and village to village, through the whole country.

No city in Europe is so well supplied and so abounding in parks and promenades as Vienna. The entire city is surrounded with them. They are called the glacis, and separate the city proper from its suburbs. Through there to the country radiate from the centre wide avenues which are lined with fine shade trees, under whose cool and inviting shadows, upon seats the luxurious and pleasure-seeking Viennese spend much of their time during the long summer months.—One afternoon I went to the Volksgarten, another popular place of resort of all classes. Here I found perhaps ten thousand persons whiling their time away in indolent ease. Some were drinking coffee and ices, others smoking and listening to music of the band; some were engaged in the childish sports of their children at play, while others were enjoying the numerous fantastic plays that were being enacted on all sides by mimic performers and mountebanks. In cool shady retreats more distant from the city may always be found during the hot weather thousands who have escaped from the hot dusty streets to breathe the pure fresh air. Here the groves, seats and walks fairly swarm with the beauty and fashion of the metropolis, singly and in groups. Here too may be seen booths and stalls, coffees and restaurants without number, containing all that is wanted in the way of toys and refreshments. The eye, too, is struck with the number and style of the magnificent pavillions, under which are every style and variety of swings, artificial railroads, horses, carriages and the like, all going by an unseen power, and each accompanied by a band of musicians.

[Concluded to-morrow.]

The Draining of the Harlem Sea.—The Chairman of the Commission on the Drainage of the Harlem Sea (Holland,) has published a final report on this work, which is to be finished this year. The expenses from 1839 to 1855, inclusive, are $8,400,000, and the receipts from land to be sold is estimated at 8,200,000. It was at first supposed the reclaimed land would be worth only some $32 per acre, but in 1853 it was actually sold for over $120. This return exceeds all expectation, as the draining was not undertaken as a speculation, but as a precaution against further inroads of the sea. Fruitful farms already begin to appear here and there on the former floor of the sea. Forty-five thousand acres in all have been reclaimed from the sea, which will supply 100,000 people bountifully with the means of life.

A Mistake.—Mr Knowlton stated in his remarks the other day, in Assembly, that among the returns on which the State Canvassers made out the election of Barstow, was one from Bridge Creek, Chippewa Co., which gave Barstow 76 majority, when there was not a man living in the valley of the Creek. Mr, Knowlton is a *little* mistaken. We have seen that valley by moonlight, and sunlight, and think we know. In the middle of last month there were two disconsolate old Bachelors camping there. One of them went there, however, *after* Election, but he is a Barstow man no doubt,—he *stole* our dinner one day at all events. On Election day there was not a House within six miles of Bridge Creek, and certainly but *one* voter. He probably voted all day.—*Ripon Spur.*

FURTHER BY THE AMERICA.

Details of News.

The leading features of the News by the *America*, which arrived at Halifax on Wednesday night last, were published in the *Sentinel* of Friday, in advance of all our cotemporaries. The New York papers of Thursday bring us further details, from which we condense the following:

Latest Telegraphic Intelligence.

GRAND COUNCIL OF WAR IN PARIS.

The *Post* says in the course of a few days a general Council of War is to be held at Paris, at which England will be represented by H. R. H. the Duke of Cambridge, Sir Richard Airey and Sir Harry Jones, together with Admirals Sir Edmund Lyons and Dundas. The object of this Council is to collect, to interchange, and to consider all possible information with respect to war—but it will not be in the province of the Council to plan campaigns or to decide in the beginning of January what is to be done in April.

ADMINISTRATIVE REFORM IN RUSSIA

Hamburg, Jan. 4.—The Grand Duke Constantine, as the head of the naval service of Russia, has issued a circular to its several departments, requiring that all reports shall contain the naked truth. Defects and mismanagements are no longer to be glossed over. Officials disobeying this injunction are to dismissed the service.

The papers announce the death of the Marquis of Aylesbury.

The West India Mail Packet *Tyne*, arrived at Southampton, had on board specie to the value of about $3,000,000. It weighed nearly eighty tons, and principally consisted of Silver from Mexico.

The Daily *News'* city article, dated Friday evening say: "The English Stock market to-day exhibited renewed heaviness. At one period a fresh decline of ⅛ per cent. was established, but, at the close, the reduction from yesterday's final quotations did not exceed ⅛ per cent. Any tendency towards improvement is checked by the continued sales, some of which are attributed to the requirements of Government.

The prospects of the Money market are also regarded with less confidence. Pending the Czar's diplomatic reply, some disposition is still shown to support the market.

The general demand for money, to-day, was again extraordinarily active, this being the 4th of the month.

In the Stock Exchange, however, money was rather easier, at about 5 ℔ cent. on Government securities.

The Corn market to-day was firmer.

A great portion of the numerous grain cargoes lately arrived have been disposed of.

COUNT ESTERHAZY'S MISSION—PEACE RUMORS.

Count Esterhazy reached St. Petersburg on the 25th, and on the next day laid propositions before the Russian Cabinet. On the 28th, Count Buol communicated to Prince Gortschakoff at Vienna the terms by which Western Powers would assent to peace, and stated that these terms were approved by Austria. The terms are already published.

Russia made known, in Nesselrode's Circular, her unwillingness to treat for the neutrality of the Black Sea; but it is expected will absolutely refuse assent to the requirement ceding territory to keep the Danube open. By the phrase "cession of so much territory as is necessary to secure to all nations the free navigation of the Danube," is meant the cession of that part of Bessarabia which lies between the fortress of the Choton on the North, Salt Lake Saski on the South, and the River Pruth on the West.

Three weeks from the day of delivery is the time for consideration. Notwithstanding all appearances, it is strongly suspected that Austria will not take ground against Russia in the spring unless previously assured of the support of the Germanic Bund.

The Weizer Gazette says an additional article touching the third point has been added to the treaty of December 2d, between Austria, France and England. It does, not, however, impose on the eventual refusal of Russia, to accept the point as interpreted by Austria and the Allies.

The Russian Court is not pleased with Baron Siebach's mission to St. Petersburgh, and Col. Nantutel is sent to Dresden to demand positively to what extent Bavaria and Saxony have engaged themselves with the Western Allies. He would leave Berlin Dec. 30, proceeding also to Vienna to deliver a reply to the letter in which Austria notified Prussia of new measures taken at St. Petersburgh.

The German (Frankfort) Journal learns that Baron Siebach's mission to St. Petersburg, is the result of arrangements between the Courts of Munich and Saxony.

Our correspondents at Berlin do not expect that, Count Esterhazy's mission will have a successful issue. They think it very likely, however, that the Ambassador may refer to his Government and demand new instructions before taking decisive and irrevocable steps.

It is expected that the reply of Count Nesselrode will be in conformity with declarations embraced in his circular note of Dec. 22d.

Asia.

Omar Pacha has returned to Soukoum Kaleh, renouncing his intention to attack Kutais at present. The Russian General Susloff took possession of the defiles of Anssan Kaleh as soon as Selim Pacha retreated to Erzeroum. The greater part of the Russian Army will winter at Kars.

The *Invalide Russe* publishes a proclamation by Gen. Mouravieff, calling the entire population of Imeria and Mingrelia to wage a war of extermination against the enemies of the Cross. It is this measure which is supposed to have induced Omar Pacha's retreat.

Russia.

The Czar has ordered the commanders of Finland in the Baltic Provinces to report means of defence to the grand Council of War in session at St. Petersburgh.

Contracts are advertised for immense quantities of artillery and stores. New rifle regiments are being enrolled. Emancipation is offered as a bribe to serfs, while some of the restrictions imposed by Czar Nicholas on the nobles have been repealed.

The publications of the Austrian *Concordat* is prohibited in Russia, lest it should cause religious discontent.

The Czar has also issued a decree conferring on peasants the right to possess landed property in Poland. Personal serfdom is to be replaced by annual payment. Three years are allowed for he execution of the decree.

India and China.—The arrival of the India mail brings interesting news. A battle occurred in Oude on the 17th of November, between the fanatic insurgents and the British troops under Capt. Barlow, assisting the King of Oude. Five hundred dead were left on the field, and the insurgents dispersed, but the country is yet unsettled. Martial law has been proclaimed in the seat of insurrection, and although it is not pressed it is no longer considered dangerous.

Herat has been taken by the Persians. The event causes an excitement, as Herat is the key of Northern India.

Commercial News.

Liverpool Cotton Market.—Messrs. Brown, Shipley & Co., and the brokers' circular, quote a dull market, and a slight decline in prices.

Liverpool Breadstuffs.—Brown, Shipley & Co. quote flour dull and unchanged in price.—Western canal 40s 6d@41s; Ohio 43s@43 6d. Philadelphia and Baltimore, 42s@42s 6d.

Wheat unchanged and in limited demand.—White 11s 8d@12; Red 10s 8d@12s 6d.

Corn dull of sale, and with little speculative demand. White 38s; yellow 32s@42s 6d.

Richardson, Spencer & Co., the brokers, and other circulars, call flour 6d lower, and Great Western 40s@40s 6d, and Ohio 42s@43 6d.

Provisions.—R., S. & Co. report beef in improved demand, at rather lower rates. New extra prime mess sold at retail at 120s. Pork quiet and unchanged. Bacon in limited demand at 58s.

Indian Names.

In the published proceedings of the Wisconsin Historical Society, the Indian names for several of the towns, rivers, &c., in that State are given, and the question is asked, what is the English meaning of the words? I send you a few, with a translation as given me by Louis M. Moran, one of the interpreters of the Chippewas:

Mil-wau-kee—pronounced by the Indians Me-ne-aw-kee: a rich or beautiful land.

She-boy-gan: a hollow bone.

Wau-ke-sha—pronounced by the Chippewas Waw goosh-sha: the little fox.

Pee-wau-kee—pronounced and should be spelled Pee-wau-naw-kee; the flinty place.

Wau-pe-to-seepe—the Indian word is Wee-be-te-see-pee: Tooth River.

Osh-kosh, a hoof.

Manitou-walk: the home or place of the spirits.

There are many parts of long Indian names which are almost inaudible when spoken by an Indian, and yet they are necessary to make any sense of the word. White men generally, in writing such names, leave a part out, and the consequence is that interpreters can make nothing of them.

HAMTRAMCK.

—*Detroit Free Press.*

The Race—Which supplies with water the Big Brick Flouring Mill, belonging to H. W. Blanchard, has given way, about forty feet having glided off into the river. A large number of men are now engaged in repairing it, and it will probably be substantially mended some time this week. This is a bad season of the year for such an accident and the delay caused by it must be expensive and injurious. All our flouring mills have all that they can do, and any interruption in their operations is a serious in convenience to customers.—*Watertown Democrat.*

The Day of Catechism.

Editorial Correspondence of the N. Y. Tribune.

WASHINGTON, Saturday, Jan. 12, 1856.

When I was a very small boy in a New Hampshire District school, it used to be the custom to devote Saturday afternoons therein to certain unusual exercises, among which the recitation (by answers to questions) of the Westminster Catechism formed a part. I think it was called "The Assembly's *Shorter* Catechism;" but I used to think it very long; perhaps because it overtaxed my unripe capacity for the comprehension and digestion of the most recondite problems of dogmatic theology.

Well; this is Saturday afternoon, and the House has been imitating the New England custom by putting its candidates for Speaker through *their* Catechism. You will have the substance of the day's doings by telegraph; I will only speak of its general aspects.

I was opposed to the whole operation at the outset, because it was not a fair thing. It was a game of trapping candidates, wherein the Banks men were required to put down all the stakes and take an equal chance for recovering them with those who risked nothing. These could not loose they had no right to win. So I thought the friends of Mr. Banks should not have played.

Mr. Banks, however, thought differently, and the result has vindicated his sagacity and justified his courage. He refused to stand under the imputation, however false, that he shrank from a full disclosure of his opinions; so he voted for Zollicoffer's resolve, and to-day took the floor and answered all Zollicoffer's questions fully, clearly and triumphantly. His manner was admirable, his eloquence of a higher order than had previously been heard in the House at this session.—The effect on his friends was electric; they had quite generally deprecated the whole business as untimely and preposterous—a waste of time that ought to have been devoted to earnest efforts to elect a Speaker. Their general confidence at the close that they had chosen the right man for their standard-bearer—one that would wear and need never be distrusted—was beyond all example. It was very commonly remarked, by opponents as well as friends, that there had been no finer exhibition of intellectual and rhetorical power on this floor for years.

I think Mr. Richardson failed to fulfill the expectations of his extreme Southern friends by declining to answer Bingham's question as to the power of a Territorial Legislature to exclude Slavery from its jurisdiction. There were murmurs by South Carolinians, but they voted as usual.

Patience, friends away! It cannot be long now till the end. No time has yet been lost, and remember that "All's well that ends well."

Wheat Sowing in England.—The Mark Lane *Express* of a recent date says:

"Under the present aspect of affairs it is with no ordinary satisfaction that we note the almost completion of the important process of wheat sowing with favorable circumstances; the breadth we learn being as extensive as prudence and legal limitation will allow in England, while in the south of Ireland this is reported to be beyond precedent. In early sown places, where the plant is up it has a vigorous and promising look."

WHY FEMALES SUFFER IN HEALTH.

THE MARRIED WOMAN'S
PRIVATE MEDICAL COMPANION
BY DR. A. M. MAURICEAU,
PROFESSOR OF DISEASES OF WOMEN.
One Hundredth Edition (500,000) 18*mo.*, *pp.* 250.

A standard work of established reputation, found classed in the catalogues of the great Trade Sales of New York, Philadelphia, and other cities, and sold by the principal Booksellers in the United States.

Every woman can here discover, by comparing her own symptoms with those described, the nature, character and cause of her complaint, and be spared much anxiety and suffering, as well as the unpleasantness of making known to, or making inquiry of, a physician in respect to the numberless ailments to which she is subject. The wife about becoming a mother has often need of instruction and advice in respect to her situation, which she will here find. This book tells her what is the matter, and tells her what to do for it, in simple but chaste words, and such as she can understand.

Those suffering from obstructions or irregularities peculiar to the female system, or from *prolapsus uteri* (falling of the womb), or from *fluor albus*, will each find in its pages the means of prevention, amelioration, and relief.

Much distress of mind, as well as thousands pecuniarily, might be saved to every husband, if the simplest laws appertaining to the marriage state were better understood. That they are not better understood is traceable to that natural and almost commendable sensitiveness that would rather suffer than consult or converse with even a medical man in respect to complaints peculiar to the female only.

In a copy of "*The Married Woman's Private Medical Companion*," every female has a physician that knows and describes her every symptom, feeling and ailment, and which she can consult at all times without violence to her sensitiveness.

[Extract of a letter from a gentleman in Dayton, Ohio.

Dayton, May 1, 1847.

Dr. A. M. Mauriceau—*My Dear Sir*—My wife has been perceptibly sinking for some three years or more, in consequence of great anguish and suffering some months before and during confinement; every successive one more and more debilitated and prostrated her, putting her life in imminent danger, and which was on the last occasion despaired of. I supposed that this state of things was inevitable, and resigned myself to meet the worst. I heard your book highly spoken of, as containing some matters reaching my case. On its receipt and perusal I cannot express to you the relief it afforded my distressed mind, and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Desomeaux provided a remedy. It opened a prospect to me which I little conceived was possible. But for this, ere another year would have passed over my head, in all human probability my wife would have been in her grave and my children left motherless.

☞ Upon receipt of One Dollar, "The Married Woman's Private Medical Companion" is sent (*mailed free*) to any part of the United States, the Canadas, and British Provinces. All letters must be post paid, and addressed to Dr. A. M. Mauriceau, box 1224, New York City. Publishing Office, No. 129 Liberty Street, New York.

GREAT CURE OF PILES.

Camden, N. J. March 12th, 1855.

Dear Sir—It is with much pleasure I take this opportunity of informing you of the great benefit I have derived from the use of a few bottles of "*Hoofland's German Bitters*." For a number of years I have been sorely and severely afflicted with pain in the stomach, attended by severe attaks of the *Piles*, for which I tried to get many remedies, but without affording me any relief. Being advised to use the *German Bitters*, I did so, using in connexion for the *Piles*, your *Spikenard Ointment*, and I now inform you that they have entirely cured me and restored me to health, and I would advise all the afflicted to use your very valuable medicines, &c,

Respectfully yours. MARGARET REPSHER.

Police Court, Jan. 19th.

August Meyer, drunk and disorderly, fined $5 00, James Eager and Archibald McCall, drunk, each fined $1,00, Frederick Bartheld and William Stewart for leaving their teams unhitched, were each fined $2 00. Michael Hayden arrested and charged with assault and battery discharged on payment of costs.

Anton Bucker recognized in the sum of $150, to keep the peace for 1 month. George Lauenberg for leaving his team unhitched was fined $2 00.

Frederick Peres and Charles Etzler were examined on a charge of stealing from D S Cady, of the Fountain House, a quantity of barn and ward tickets and eight dollars in money, in and from the dwelling house of the complainant, on the 13th of January. They were both held for trial, the bail fixed at $250 each, in default they were taken back to jail.

CAUTION TO POLICEMEN.—A German named John Waltberger was tried for resisting Policeman Wagner while in the execution of his duty. There was nothing of interest in the case except that the officer did not apprise the defendant of his being a policeman—the defendant was discharged. The Court remarked, in giving his decision, that he might as well settle this case upon a basis that would answer for a guide to all cases hereafter—it was this—That whenever an officer made an arrest, he should at once proclaim the official capacity in which he acted, and then if any party resisted him, he would make him *el* liable. The City Attorney fully agreed in the justice of the decision, and hoped that officers, in the future would abide by the rule as now laid down by the Court, and always notify parties that they were Policemen.

The defendant after being discharged from the charge of resisting the officer, paid the penalty of $2,00 for leaving his team unhitched waiving any process that it was the act out of which the trouble grew.

BENEFIT OF THE TELEGRAPH IN CATCHING THIEVES.—On Friday night or early on Saturday morning, a gentleman named Burns was robbed in Madison of near $70 in money and some articles besides. The Saturday morning train had started for Milwaukee before the loser could well know who had robbed him or in what direction he had gone. As soon as he ascertained the route the thief had taken, he immediately telegraphed to the Chief of Police of this City, and as soon as the train arrived at noon on Saturday, the young man was arrested getting off the hind car by Policeman Garlick, he was taken to the Watch House, and on being searched the money, &c. was found upon him, he gave his name as John Elliott.

The telegraphic despatch received here wound up with the words "answer if you get him." In less than an hour after the despatch left Madison, the man was arrested and in the Watch House and an answer was sent to the despatch "we've got him. If you want us to bring him to Madison say so." To this was answered again "bring him along and again in reply to the last, "shall come on the P M, train." In this instance of arrest, the despatches travelled four hundred miles, the thief two hundred miles, and the officer one hundred miles making seven hundred miles travel by the despatches, the thief and the officer and the whole of it performed in less than twelve hours.—Stealing is a risky business at all times, in this instance but for the telegraph the thief would have escaped as he had purchased his ticket for Chicago, and was to leave for that City in the afternoon train.

SAD ACCIDENT TO THE CHIEF OF POLICE.—We are sorry to record a serious accident to our efficient Chief of Police. He left the city on Tuesday afternoon on business connected with an occurrence in this place a few days since, and went north as far as in the vicinity of Cedarburg, and on Saturday about noon while in the woods crossing from one point to another, in company with some men who were hunting deer, he was accidentally shot on the left side of the neck, the ball entering the nape of the neck and coming out under the left eye and severing some of the smaller arteries.

Mr Beck was ahead of five other men, and the bullet, an ounce in weight accidentally discharged from a rifle by some brush striking the trigger, and passing three others before hitting Mr Beck.

He was brought to this city yesterday about dark by Sheriff Connover, having been previously attended near where the accident occurred by Dr Wolcott. Last night he obtained a little rest, and the chances were that his recovery might be looked for, though he was by no means out of danger. The wound is a very severe one, the eighth of an inch variation of the ball towards the centre of the neck would have certainly killed him. We sincerely hope that he may speedily recover.

THE MUSICAL CONVENTION.—On Tuesday of this week, the Musical Convention, of which mention has heretofore been made in our columns commences its session in our city. It is under the charge of Professor TAYLOR who has just held a similar convention at Toledo Ohio, and if we may judge from the notices of the Press there with decided success. The Toledo *Blade* says

"Mr TAYLOR is one of the first composers of our country. He is a thorough bred musician and has done much to elevate the musical character of our people. He possesses all the elements requisite to conduct such a convention in a manner that shall be highly entertaining and instructive. He will be assisted by his wife and another lady, both of whom rank very high as singers."

Our advertising columns furnish the programme of the Convention. The first day, Tuesday, admission will be *free* to both singers and spectators.

CONCERT TO-NIGHT.—Professor TAYLOR, assisted by Mrs TAYLOR and Miss SHERMAN, announces a Concert at Young's Hall *this* evening, by way of introducing himself and his fair assistants to the Milwaukee public.—Having enjoyed the pleasure of hearing these ladies sing, on Saturday last, we can assure our readers that for simplicity of style, taste in execution, and power and sweetness of voice, they may safely challenge comparison with any vocalists who have visited our city. Their ballads and duets are charmingly sung and cannot fail to delight the popular ear.

PASTORAL VISIT.—We are glad to learn that the Pastoral Visit at the Rev Mr KEENE's last week, realized the handsome sum of $500—a substantial and well deserved tribute to a good man and faithful minister.

MORE SNOW.—Three or four inches of light snow fell during Saturday night and yesterday, and the somewhat drifted by the wind, will suffice with the previous excellent foundation to give us good sleighing.

It is now before the public surrounded with these guarantees and bearing these unimpeachable endorsements and call upon the community to protect themselves and the [illegible] health and my reputation, by frowning down and rejecting the practical speculators who are pedling their [illegible] commodities under cover of my trade mark. No article had ever been imported from Holland into this market, under the name of Schnapps previous to the appearance of Wolfe's Schiedam Aromatic Schnapps, in this city.

The first importation being made into this city in the year 1848, which can be seen by the Custom House Books. I deposited my label as a trade mark in the United States District Court of the Southern District of New York in the year [illegible] and I have the certificate in my possession of the [illegible]. The great demand which has thus been created for the genuine article, has set the whole hive of counterfeiters in motion and the duty I owe to my customers and friends and the public compels me to put them on their guard against imposition.

The genuine is put up in quart and pint bottles, with my name on bottle cork and label, for sale by all the respectable druggists and grocers in the United States.

Among the complaints for which the Schnapps has been declared a specific by the eminent physicians who have corresponded with the proprietor are dropsy, dyspepsia debility consequent upon long continued sickness and old age, epilepsy, asthma, gravel colic, affections of the kidney and a chronic disease of the genital urinary apparatus.—For these and many other disorders it is now prescribed with great success by more than three thousand medical practitioners in various parts of the United States.

Congressional.

WASHINGTON, Jan 19

Mr Clingman, of North Carolina, offered a resolution that during the calling of the roll no personal explanation be in order, and that this rule of that rule limiting members to 10 minutes in debate should not be suspended except by unanimous consent of the House. He thought the House had become a mere debating society. Voting was more likely to result in an election than discussion, because the latter only served to inflame parties and faction and thus increasing the difficulty. The resolution was adopted and House proceeded to vote.

BANKS, 92, Richardson, 63, Fuller, 31 Pennington, 8, Campbell, of Ohio, 3, Porter and Foster 1 each. Necessary to choice, 102.

Messrs Quitman and Giddings spoke in defence the one for the south and the other for the north concerning slavery question.

Colfax gave the history of the plurality rule of 1849, saying that before its adoption a similar proposition came from the democrats, and one from the whigs. The democrat then claimed to have the majority, but owing to defections in ranks could not unite in electing a Speaker. The republicans are now similarly situated, and should have the benefit of the rule. The democrats denounced the whigs as bitterly as they do the republicans now.

Mr Bocock said this was a mere squabble between national parties there could be no serious objections to the plurality rule. The whig party was as snow compared with the cimmerian guilt, speaking politically, of the republican party. When he saw that its adoption could result in the election of a sectional candidate he would be justified in resisting till the crack of doom. Mr Savage expressed similar views.

In the course of the debate Humphrey Marshall and Harris of Ill, earnestly denied that Henry Clay favored the passage of the [illegible] resolution. After considerable debate Mr Clingman offered a resolution that for one week unless a Speaker be in the meantime elected, no debate shall be in order unless by unanimous consent—adopted by 40 majority. Adjourned.

FROM WASHINGTON.

Secretary Davis to Resign—No Speaker. Our Relations with England.

WASHINGTON, Jan 18.

BANKS, BANKS.—The Republicans held a caucus at the Capitol to-night and about 90 were present. Mr Leiter, of Ohio, was chairman.—Several members evinced a disposition to drop Mr Banks, but the general feeling to sustain him was as strong as heretofore. At 11 o clock, a discussion as to the best means of securing his election, terminated.

MISSISSIPPI SENATOR.—Jefferson Davis, present Secretary of War, was nominated U S Senator from Mississippi on 1st ballot by a majority of 12.

Mr Davis will resign his seat in the Cabinet, in consequence.

TROUBLE WITH GREAT BRITAIN EXAGGERATED.—The Union says no such question as a suspension of diplomatic intercourse has been before the Cabinet. Our relations with Great Britain are certainly delicate, perhaps critical. The proposed withdrawal of our Minister is not among the evidences which mark the delicacy of these relations. The Union further says we cannot deny that there are still serious questions and differences between the two governments.

The Nicaragua Filibusters—The Webster Festival—A Massacre.

NEW YORK, Jan 19

Jos L White, the counsel of the Transit Co, Tinklebaugh, the Captain of the Northern Light, and Jos Fowler, engineer, were indicted by the Grand Jury of the U S District Court on a charge of resisting U S officers in the discharge of their duty on board the Northern Light.

The Washington correspondent of the Times telegraphs that it is understood that P H French will leave the country, and that Col Walker will soon send a native Nicaraguan as Minister. Minister Wheeler has withdrawn his credentials and sided with Walker's government.

The stories about a Cabinet proposition or determination to withdraw our Minister from London because of Great Britain's failure to recall Mr Crampton, are utterly baseless. The President does not propose to make any war yet.

A large company of the oldest and most influential of Mr Webster's friends assembled last evening in the Astor House, in pursuance of their resolution two years ago to hold the day in perpetual remembrance. The decorations [illegible] and illustrative were [illegible] the most elegant ever seen [illegible]—The feast was unequalled. Wit, eloquence, and reminiscences crowned the festival. The proceedings are not reported in the papers, but are to be published in a pamphlet form.

NEW YORK, Jan 19

A MASSACRE.—A letter from Manilla to Elwood Walter states that 290 Coolies were murdered on board the ship Waverly. It seems that the slight mutiny of the Coolies had been easily quelled after the firing of a few shots and the killing of 2 or 3 of the leaders. The remainder having retreated below the hatches, being fastened down upon them, subsequently, owing to remonstrances from the agent of the vessel the hatches were removed when it was found that 290 were dead, part of them, as was proved on examination had been scalded by hot water, which had been poured down the hatch way by order of Capt French. The officers of the ship are in prison, awaiting a judicial examination.

Sailing of the Atlantic—Mexican Tyranny.

NEW YORK, Jan 19

The steamer *Atlantic* sailed at noon for Liverpool with 70 passengers, but no specie.

BALTIMORE, Jan 19

MEXICAN DESPOTISM.—New Orleans papers from Wednesday to Saturday last week, came to hand this morning, also Mexican papers to the 8th inst. later, declare the present government is more unquestioned than ever. A number of journals have been obliged to suspend or abandon publication together, and several editors had been seized and thrown into prison. Dogalodo, in Guagaguanto, and Wiaguanzirra Gosta, are engaged in armed opposition to Comonfort's government. Gen Vidaurri is strengthening himself for future movements. He is taking care to secure an abundance of men, arms, ammunition and provisions.

HERSCHEDE & SCHENDT,

No. 131, Corner of East Water and Huron Streets.

WE have now completely furnished, and very much enlarged our new store, with all the articles belonging to our trade. Our confectionary has had a very fine reputation, which we will try to keep for all future, and so we will recommend the same to ball givers and hotel keepers for all [illegible] of the kind. Our stock of toys has been selected at New York by Mr. Schendt himself with the utmost care, and cannot be beaten by any competitors in Milwaukee, in regard to cheapness, quality and fashion.

By completing our new building we have gained a great deal of space and intend to use the first story—the present store room—for the Retail trade and the second floor for the Wholesale business.

All kinds of Nuts of all kind, Prunes Raisins, Currants, Citron, Dates, Fresh and [illegible] Wholesale & Retail, [illegible] from 6 cents to $10 apiece, for sale at

ANOTHER TRIUMPH OF HERRING'S SAFES.

MR SILAS C HERRING—

Dear Sir —The safe I bought of you nearly two years since, has "turned up" all right. We dug it from the ruins in the cellar yesterday. The safe was in the back part of the fourth story of "Totten's Building," corner of Fifth and Chestnut streets, in the height of the fire of the 16th inst, and fell with the burning timbers a distance of 10 feet. It contained all my books and papers. Not a thing was saved on my premises except the contents of your safe, which effectually resisted all the fury of the flames. I am now using the same books and papers.

Yours, truly,

Helmbold's Genuine Preparations.

HELMBOLD'S HIGHLY CONCENTRATED

COMPOUND FLUID EXTRACT BUCHU,

FOR DISEASES OF THE BLADDER and Kidneys, Secret Diseases, Strictures, Weakness, and all diseases of the sexual organs, whether in male or female, from whatever cause they may have originated, and no matter of how long standing.

If you have contracted the terrible disease which, when once seated in the system, will surely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the hands of quacks, who start up every day in a city like this and fill the papers with their glaring falsehoods, too well calculated to deceive the young, and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced by eminent physicians the greatest remedy ever known. It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease and unlike other remedies, does not dry up the disease in the blood.

Constitutional debility brought on by self abuse, a most terrible disease, which has brought thousands of the human race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found acting both as a cure and preventative.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extr. Sarsaparilla

For purifying the blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the blood, and the only reliable and effectual known remedy for the cure of scrofula, salt rheum, scald head, ulcerations of the throat and legs, pains and swellings of the bones, tetter, pimples on the face, and all scaly eruptions of the skin.

This article is now prescribed by some of the most distinguished physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary syphilis, mercurial and scrofulous diseases, have entirely recovered in the incurable wards of our public institutions, which had for many years resisted every mode of treatment that could be devised. The cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases after the glands were destroyed and the bones already affected.

NOTICE—Letters from responsible physicians and professors of several medical colleges, and certificates of cures by patients will be found accompanying both preparations.

PRICES—Fluid Extract of Buchu, $1 per bottle, or six bottles for $5. Fluid extract of Sarsaparilla, $1 per bottle, or six bottles for $5—equal in strength to one gallon of syrup of sarsaparilla.

AYER'S PILLS.

"Wisdom shall bow down to it, and the great of the earth shall kneel before it."

Never could this be said with more truth, than it now applies to this remedy for affections of the Throat and Lungs. The exalted in learning and power acknowledge its supremacy, while both the little and the great can feel its benefits. The liberal minded among those skilled to cure are free to own its mastery over distempers which have baffled their art. Those of exalted stations are not ashamed to testify to its virtues, but deem it a duty and a pleasure to thus hold out the lamp of their experience to their suffering fellow men.

DR. WEAVER'S

CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c , &c

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their curative powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is reaching us daily from East, West, North and South, of the wonderful cures they are preforming.

See what is said by those who have used these medicines.

The Rev. Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."

Capt William Vail, of the steamer Granite State, says "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores; is now perfectly cured by the use of the Syrup and Cerate."

Dr A J Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."

Rev August Bolles says "it has cured the Salt Rheum in my leg."

J Hatfield Frazer, Esq., editor of the Somerset Whig, Somerville, N J, says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon Joel Loomis, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy eight years, but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq., of Orient, Long Island, N. Y., says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev J S Swan, of New London says, I have used the Syrup and Cerate in my family for more than a year, and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Prisbery, of Taunton, Mass., what the medicines will do, ask William Barber, of Three Mile Bay, Jeff Co, N Y, what the syrup has done for him, ask G. F. & W H Boynton, of Perkinsville, Vt, ask F. L. Kent, of Chicago, Ill, ask Martha Cottle, of Martha's Vineyard, Mass, ask Wm P Keables, or Wm P Benjamin, Esqrs., of New London, ask Dr. H M Murdock, of Pulaski, N Y, ask J. C Smith, of Brooklyn N. Y, who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate, ask Curtis Burrough, of Shelby, N. Y., who has been cured of a severe case of Salt Rheum, ask Chas. Akin of Hume, N. Y., what the Syrup and Cerate will do for sore legs, ask Winslow and Slafter, Merchants, Virgil, N. Y. what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.

HARNDEN'S

CONCENTRATED COUGH SYRUP.

FOR THE CURE OF

COUGHS, COLDS AND CONSUMPTION

THE Proprietors of this PURELY VEGETABLE AND TRULY VALUABLE Syrup, claim for it no magic powers nor do they offer it to the public as an antidote for all the ills and ailments of life—but solely as a remedy for COUGHS, COLDS, and diseases of the Chest and LUNGS, in advanced as well as incipient stages. They WARRANT THE SYRUP PURELY VEGETABLE, and free from Opiate or Drug of any kind.

Unlike all other of the many advertised remedies for Colds and Consumption—the action of this Syrup is direct—hand in hand with nature—its benefits are immediate—not leaving the invalid time to languish as an experiment, requiring slow process, in arresting disease, and restoring health. Ordinary Coughs and Colds generally yield within twenty-four hours; while those of long standing, and which, through negligence or continued imprudence, have assumed more alarming symptoms, usually require the use of the Syrup from ten to twenty days. In cases of hereditary or constitutional character, and which, in many instances, have gained mental as well as physical possession of the invalid, more time is necessarily required to arrest the disease—in eradicating the taint of blood—in restoring natural sleep and quiet of mind—and securing permanent benefit.

In its highly concentrated form, one bottle of this Syrup is equal to six times the quantity were it prepared in any other manner, and ONE BOTTLE WILL TEST ITS VIRTUES IN EVERY CASE.

For the purpose of securing ourselves and the public against fraud or imposition, every agent for the sale of this Syrup will be personally selected and appointed by one of our firm, or our general agent, and as a further safeguard, the directions accompanying each bottle will be signed by Mr. Harnden.

ENNO MEYER, No. [illegible] Third Street, Milwaukee, has been appointed GENERAL AGENT for the State of Wisconsin. For sale also by all the Druggists in Milwaukee.
